17

THE FOILING OLYMPIC MIXED MULTIHULL

The original NACRA 17 was designed from scratch to meet the specific criteria set out by ISAF for the Olympic multihull. At the Olympics in Rio de Janeiro in 2016 the 17 had been equipped with curved dagger boards, providing extra lift to enhance performance both upwind and downwind.

Following recent developments and demands, the next generation NACRA 17 has been redesigned into a full foiling racing machine.

So at the next Olympics in Tokyo in 2020, NACRA 17 will again deliver maximum excitement in multihull sailing.

Boat length	5.2 m/17 ft
Boat width	2.59 m/8.5 ft
Mast length	9.15 m/30 ft
Area mainsail	16 m ² /172 sqft
Area jib	4 m ² /43 sqft
