F18 INFUSION

F18 INFUSION

JUST PUT YOUR F18 TOGETHER AND GO

The NACRA F18 Infusion is named after the method used in construction, the only production catamaran made with this modern Infusion system. This allows better material weight distribution within the hulls, yielding greater stiffness.

Wave piercing technology reduces drag and improves speed in all conditions. The NACRA F18 Infusion wins in big seas and big winds just as well as in light conditions on a lake in flat water. NACRA F18 Infusion became world champion in the F18 class in 2013 and 2014 with out-of-the-box boats.
